ENKEI Neo Classic
APACHE 2 Neo

A modern reproduction of the ENKEI APACHE2 design released in 1979

A 2-piece version of ENKEI Neo Classic enables a wider range of customization.

Next-generation modular wheels with stateliness that cannot be achieved with monoblock wheels.

Sizes: 16 /17 inch

Colour: Machining Red, Machining Gold, Machining Black

Material:

Product Detail

Disk Design

A cross-spoke design that considers the design of the mounting holes. Cutting the spoke top gives a sharp impression.

Pierce Bolt

Pierce bolts are used like the one-piece model. It enhances the design and contributes to dress up.

Deep Rim & Order Inset

Deep rim shape / order inset correspondence

Uses a reverse rim. Depending on the combination, powerful setting with a maximum rim depth of 111mm is possible. Supports order insets unique to 2-piece wheels. We promise to provide the best customization in response to requests in 1mm increments.
