

FARROAD

FARROAD FRD 16

Quiet and comfort, with excellent security, even on rainy days, you can still enjoy driving.

Main pattern rib with a lot of groove patterns gives tread reasonable rigidity and help greatly improve driving safety on rainy days, more fuel-efficient and mute.

Key Features:

Centre wide ribs design

Center line rib combined with horizontal grooves makes the tyre more stable at high speed, with excellent acceleration and brake performance.

Four wide longitudinal grooves

Four longitudinal water drainage grooves make drainage performance more better, prevent tyre from laterally silding on rainy days.
