Performance sports wheels

Split 5-spoke design with extreme shape

A model that combines sporty styling with high basic performance.

Sizes: 15 / 16 / 17 / 18 inch

Colour: Sparkle Silver, Matte Black, Gold

Material:

Main Feature:

Product Detail

Disc Design

The slim split 5-spoke design, realized by improving strength analysis technology and design technology, has excellent stress dispersion and brake heat dissipation, and realizes light weight and light styling.

Engineering

In addition to the high-performance disc design, the basic performance of the wheel has been greatly improved, such as ribs on the side of the spokes that increase rigidity, inner rim design, and knurling that prevents tyre slippage.
