A model developed with the concept of lightest wheel.

Sizes: 15 / 16 / 17 / 18 inch

Colour: Silver, Matte Black

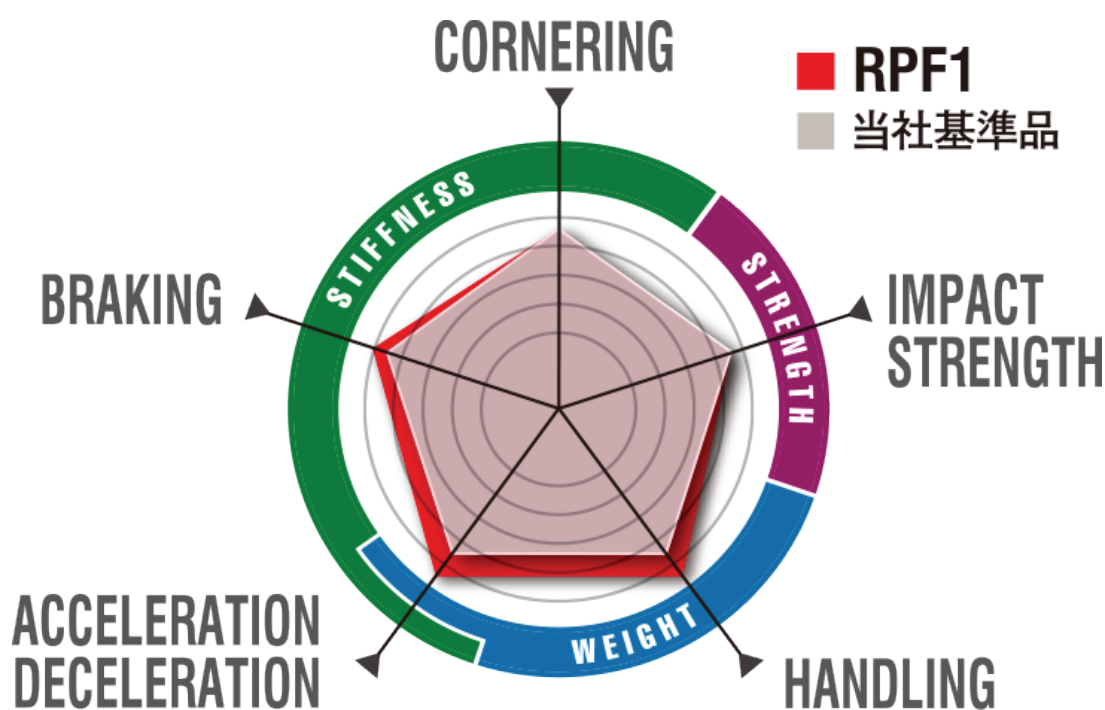

Material:

Main Feature:

Performance Indicator

Its design, which has its roots in the F1™ wheel, achieves an overwhelmingly light weight with sufficient strength and rigidity.

Product Detail

Tradition

Since its release in 2002, it has become synonymous with lightweight wheels and still reigns as a benchmark. Adopts a traditional front rim shape.

Twin Spoke Design:

Following the McLaren F1™ wheel, the 2×6 multi-spoke design excels in stress distribution and brake heat dissipation. Light weight is realized with a unique rim shape.
