Product Detail

Tradition

Since its release in 2002, it has become synonymous with lightweight wheels and still reigns as a benchmark. Adopts a traditional front rim shape.

MAT RS (18inch)

Adopted 18 inch MAT RS

Adopted a step rim shape that is effective for lightweight, rigidity and strength. It realizes important elements in sports driving at high level.

Twin Spoke Design

Following the McLaren F1™ wheel, the 2×6 multi-spoke design excels in stress distribution and brake heat dissipation. Light weight is realized with a unique rim shape.
