

SC46

Colour:

- Matte Black with laser wording (DBK2UQR2)
- Matte Gunmetal with laser wording (DGM1UQR2)
- Gloss Black with laser wording and polish face (ZBK1UQR2FP)

Testing:

- VIA Tested

The SC46 features a 10 straight spoke arrangement to achieve a sleek and stylish look.

Emphasized on the details of the spokes, the slender spoke reach out to the end of the wheel, creating illusion that the wheel is larger than its actual size.

Featuring a deep concave design as well as applying the milling and laser technique the appearance of SC46 is dramatically enhanced.

Specification:

Size	ET	PCD
16X7.0	35	4/100
