

# SUPERTURISMO LM

OZ are the most recognized wheels worldwide. Season after season they continue to dominate the world's most spectacular racing event - the 24 hours of Le Mans - where, from 2000 on, OZ has collected a long list vehicles as the official supplier to Audi Sport.

Superturismo LM embodies the racing DNA of OZ wheels to perfection. A technical multi-spoke wheel inspired by the racing wheels used on Audi cars in endurance races. A unique design, featuring the style elements and technical details of the true protagonist of the famous Sarthe circuit. The racing wheel inspiration can be found in all the details, especially in the central part where the hollowed-out effect gives Superturismo LM an even racier style.

## Product Details

<b>Model</b>	Monoblock
<b>Design</b>	Multispokes
<b>Production process</b>	Low pressure casting process + Heat Treatment + HLT (21")
<b>Material</b>	Al Si 7 Mg
<b>Characteristics</b>	   
<b>Certifications</b>	   
<b>Oe cap ready for</b>	BMW
<b>Offset range</b>	20 – 50
<b>Width range</b>	7 - 10,5
<b>Holes</b>	4 – 5
<b>Diameter available</b>	17", 18", 19" and 20"
